Product Details:

A3 desktop perforating machine for cost effective production of docket books, NCR sets, lotto tickets, vouchers, coupons and raffle tickets etc.

Utilising the proven Cyklos automatic feeder for sheet sizes up to SRA3, the RPM 350 is a compact solution for offline perforating of short to medium runs.

The ability to mount up to 5 perforating tools makes the RPM 350+ a very flexible and productive perforating solution.

This new updated model includes speed control, digital sheet counter and scoring attachment as standard.
